PROFILE

Motivated and detailed oriented btech 3rd year undergraduate with excellent verbal and written communication skills.

Seeking a communication skills internship to refine my public speaking, interpersonal and professional communication abilities while contributing to a dynamic team environment.

EXPERIENCE

Have worked in several projects including,

- Aurduino based solar tracker with LDR and servo motor
- Vehicle parking management system

Have participated in various school debate competetions

Technical Projects

Worked on multiple technical projects under the guidance of faculty, gaining hands-on experience in problem-solving, software development, and implementation. Collaborated on various aspects of project development, including design, coding, testing, and documentation. Applied theoretical knowledge to real-world scenarios, enhancing technical proficiency and analytical skills.
